7. The main gather space is to use as needed and includes a beach area at the bottom of the page. At the top of the page, you can exit to a Games space, where various tables are set up to join and play some online games together with other delegates.

The coloured circles around each game are selected spaces where only those in the same coloured spaces can hear your conversations. When you join a games table, at the bottom you'll see an indication to 'Press X' to join a game.

8. Once you join a game, you will be able to play in the main screen – create a private game for just Flux attendees and share/chat in the window on the right.

All games will be available throughout the congress to play.

9. On the upper left side of the main map, you'll see an entrance to the Bingo room, which will only be live on Sept 11th from 3:30pm PST (California time) when Bea & Deanna will be calling out live Virtual Bingo.

   If you wish to participate, please ensure you have downloaded or printed your virtual bingo card from your original delegate email.

   Enjoy!
