Dear Collaborators and Industry Partners,

It is our pleasure to invite you to support the Eleventh Annual Flux Congress, which will be held in Santa Rosa, California from September 6 – 9, 2023. We believe our meeting will provide you with great opportunities to interact with researchers and potential clients.

The aim of The Flux Congress is to provide a forum for developmental cognitive neuroscientists to share their findings, expand their knowledge base, and be better informed of translational approaches.

Many of the researchers who will attend our meeting – we expect over 450 attendees – will be interested in discovering the products you have to offer. These researchers study development, cellular biology, sensory, motor and neuroendocrine systems, cognition and behavior, and many other domains in the vast field of neuroscience. These studies require many advanced tools and equipment that companies like yours provide.

Sponsor a portion of the conference and receive extended exposure to this 450+ group of international Neuroscientists!

Your presence at our meeting is a much-appreciated demonstration of your support for Neuroscience research.

Sincerely,

The FLUX Board

Damien Fair – President
Eveline Crone – President Elect
Beatriz Luna – Past President
Deanna Barch – Treasurer
Margaret Sheridan – Secretary
Brad Schlaggar – Board Member
Nim Tottenham – Board Member
Jennifer Pfeifer – Board Member
Christian Tamnes – Board Member
Lucina Uddin – Board Member

What is the Flux Congress?

The Flux Congress acts as a forum for developmental cognitive neuroscientists to share their findings, expand their knowledge base, and be informed of translational approaches. This conference is designed for scientists who use neuroimaging techniques to understand age related changes in brain function and structure. The Congress provides an excellent opportunity for companies and organizations involved in Neuroscience research to extend their marketing activities and support the congress through its sponsorship program.

Who is organizing the Congress?

The Flux Congress is being organized under the leadership of Conference Chair Silvia Bunge (University of California, Berkley) as well as the groups listed below.

- **Flux Society Board of Directors**
- **Scientific Program Committee**
- **Local Organizing Committee**

The overall conference planning process is managed by the team at Podium Conference Specialists.

Who attends the Congress?

The Flux Congress is designed for principal investigators, post-doctoral fellows, and graduate students actively engaged in neuroscience. We expect attendees from the following areas:

- Behavioral Neuroscience
- Bioinformatics / Neuroinformatics
- Cellular and Molecular Neuroscience
- Cognitive Neuroscience
- Computational Neuroscience & Modeling
- Developmental Neuroscience
- Disorders of the Nervous System
- Evolutionary & Comparative Neuroscience
- History, Teaching, Public Awareness, and Societal Impacts in Neuroscience
- Excitable Membranes and Ion Channels
- Motor Systems Neuroscience
- Neural / Synaptic Structure and Function
- Neuroendocrinology
- Neuroengineering and Robotics
- Neuroethology
- Neuropharmacology & Neurochemistry
- Neuroregeneration and Repair
- Neuroscience of Aging

Why get involved?

✓ **Connect with leading and emerging researchers**

You will gain exposure, build relationships, develop partnerships and connect with representatives actively involved in Neuroscience research from across North America and around the world.

✓ **Premium branding & positioning opportunity**

You will reach your target audience and be recognized as a supporter of the conference and its aims. Set your product, service and brand apart from your competitors - guaranteed visibility on advertising and promotions.

✓ **Face time with leading scientists**

You will have the opportunity to connect with over 450 investigators, researchers, scientists and students actively involved in Neuroscience research and will have an opportunity to build relationships and form valuable partnerships. Conference registration, marketing opportunities, and networking are among the many benefits associated with sponsoring this conference.
